Playlist Selection

We have a huge repertoire spanning seven decades and select a general mix of songs appropriate for the audience and occasion, catering for a wide range of backgrounds, ages and musical tastes. We've also combined songs into medleys specifically designed to keep the dance floor busy all night. One of the many reasons we are so successful is that we are very adept at 'reading' audiences and will modify the playlist on the night, if necessary, to suit your function.

Weddings

We have many songs that may be suitable for your first dance or we're happy to learn a special song for you, if you prefer. Please give us plenty of notice (minimum 8 weeks) to prepare the necessary parts and schedule in rehearsals, bearing in mind that during peak wedding season, we may already have quite a few new songs scheduled into the available rehearsal times.
